

Diesel Hydraulic Power Pack

Wolverine Equipment builds the largest selection of hydraulic power packs on the market. These power packs are the first available to offer high power and selectable flow in a portable unit.

Customers may choose from several different models, including gas, diesel and electric.

FEATURES

- 25hp Kubota diesel engine.
- Adjustable gallons per minute from 2 to 13, depending on model
- Industry's first low hydraulic oil level engine shut-off
- High efficiency air-cooled hydraulic system includes a 10 micron full flow return filter.
- Self-contained units are compact and easy to move.
- Selectable hydraulic flow rate will produce up to 2300 psi.
- All models come with soft-start.
- Large 13" x 4" never-flat tires are standard.
- Lifting eye and handles allow for ease of portability
- Power packs are powder-coated for longer wear.

Portable Diesel Hydraulic Power Packs

Specifications

Model	WP-25D
Engine	Kubota Diesel
Flow Rate	2 to 13 gpm
Pressure	To 2300 psi
Hydraulic Oil Capacity	2.5 gallons
Hydraulic Oil	Premium a/w-46
Fuel Capacity	6.5 Gallons
Size L x W x H	40' x 27" x 27.5"
Weight Dry / + Fluid	410 / 430 lbs.
